The ache isn't all what we remember from cliches  
Could we breathe at all?  
Collapsing from the weight  
So I'll

Wake up screaming to lift you out  
It's all that I can do

Today's when I will

Scream  
My lungs will break under my strain  
All the way  
All the way into your dreams  
I won't believe you loved in vain  
You never loved in vain

The strangest of times  
Just remember not to change  
And I'll make to rise  
The things that never fade  
So I'll

Wake up screaming to lift you out  
It's all that I can do

Today's when I will

Scream  
My lungs will break under my strain  
All the way  
All the way into your dreams  
I won't believe you loved in vain  
You never loved in vain

I live I fail  
So hear me now  
Through the darkest days  
I will scream your name aloud

Today's when I will

Scream  
My lungs will break under my strain  
All the way  
All the way into your dreams  
I won't believe you loved in vain  
You never loved in vain
