I've been waiting for things to change  
Such loss of time and it's still the same  
They'll raise the questions  
But they'll kill the answers

Write it down  
Scream it aloud  
Don't let it go  
There's so many deafened ears  
So dead and wrong  
'Cause simple is as simple goes  
If only the deaf would hear

Focus found the center once again  
Just remember the change is all there is  
'Cause they'll break the questions on me  
'Til I give the answer

Write it down  
Scream it aloud  
Don't let it go  
There's so many deafened ears  
So dead and wrong  
'Cause simple is as simple goes  
If only the deaf would hear

I can make the sound  
They can't hear me

I can make the sound  
They can't hear me

If I state the obvious, I'm alone  
Wrapped up in all this on my own

Write it down  
Scream it aloud  
Don't let it go  
There's so many deafened ears  
So dead and wrong  
'Cause simple is as simple goes

If only the deaf would hear

So dead and wrong  
'Cause simple is as simple goes  
If only the deaf would hear.
