I should be home right now
It's a real small town
I keep looking over my shoulder
How many people know now
You got a family at home
You're out with me getting stoned
It's been a long time coming
But now I got you all alone

So we lock the door behind us
'Cause we both know the truth

It's a f*cked up situation
When the one that you love is never enough
It's a f*cked up fascination
It's a f*cked up situation

She likes it rough and I do too
Her knees are turning black and blue
The front desk keeps on calling
She throws the phone across the room

So we hope nobody finds us
'Cause we both know the truth

It's a f*cked up situation
When the one that you love is never enough
It's a f*cked up fascination
When the one that you trust is traded for lust
It's a f*cked up situation

So we lock the door behind us
'Cause we both know the truth

It's a f*cked up situation
When the one that you love is never enough
It's a f*cked up fascination
When the one that you trust is traded for lust
It's a f*cked up sit-

It's a f*cked up situation

When the one that you love is never enough
It's a f*cked up fascination
It's a f*cked up situation
