Here's an invitation to come with me
The destination's gonna set us free
Find the place where we both belong
When the world awakes we'll be as good as gone

Don't need a pill I can't swallow
Don't need a road meant to follow
When you're rolling stoned
Burning up the open road
Nothing every night we go
2x One step over the edge

Our own oasis in the desert sand
We'll celebrate a beautiful romance
When we're together nothing good goes wrong
We can stray forever
You must move on

Don't need a pill I can't swallow
Don't need a road meant to follow
When you're rolling stoned
Burning up the open road
Nothing every night we go
2x One step over the edge

Rolling in town
4 wheel barrow
Riding all night
Rolling stoned
A little too high
But never too low
Riding all night
Rolling stoned

The world will never find us
Cuz we'll cover our tracks
We'll just keep on driving
And we'll never look back

When you're rolling stoned
Burning up the open road

Nothing every night we go
2x One step over the edge

Rolling in town
4 wheel barrow
Riding all night
Rolling stoned
A little too high
But never too low
Riding all night
Rolling stoned
