Here's an invitation to come with me  
The destination's gonna set us free  
Find the place where we both belong  
When the world awakes we'll be as good as gone

Don't need a pill I can swallow  
Don't need a road map to follow  
When you're rolling stoned  
Burning up the open road  
Laughing every night we go  
One step over the edge  
One step over the edge

In our own oasis in the desert sand  
We'll celebrate a beautiful romance  
When we're together nothing good goes wrong  
Nothing stays forever  
We can just move on

Don't need a pill I can swallow  
Don't need a road map to follow  
When you're rolling stoned  
Burning up the open road  
Laughing every night we go  
One step over the edge  
One step over the edge

Rolling in town  
A four wheel barrow  
Riding all night  
Rolling stoned  
A little too high  
But never too low  
Riding all night  
Rolling stoned

The world will never find us  
Cuz we'll cover our tracks  
We'll just keep on driving  
And we'll never look back

When you're rolling stoned  
Burning up the open road  
Laughing every night we go  
One step over the edge  
One step over the edge

Rolling in town  
A four wheel barrow  
Riding all night  
Rolling stoned  
A little too high  
But never too low  
Riding all night  
Rolling stoned
