(Smell the fear)

There's no reflection when you look in the mirror

You're out for blood and you can smell the fear

You need poison

Like it's the only thing that keeps you alive

You hear voices

They just keep telling you, you need me tonight

She hides until twilight

Then she takes control

I'm like your dirty little drug

And you never get enough

Just a little bad habit that you hide from your friends

I'm like your dirty little drug

And you never get enough

Said you didn't want it but you're in a sick and twisted affair

You won't be alone tonight

(A sick and twisted affair)

You won't be alone tonight

I give you wings when you're free falling

I'm in your dreams, I'm the creature calling

You go colder

I am the only thing that keeps you alive

Can't stay sober

One taste and it can take control of your life

She hides until twilight

Then she takes control

I'm like your dirty little drug

And you never get enough

Just a little bad habit that you hide from your friends

I'm like your dirty little drug

And you never get enough

Said you didn't want it but you're in a sick and twisted affair

You won't be alone tonight

(A sick and twisted affair)

You won't be alone tonight

Take control

I'm like your dirty little drug

And you never get enough

Just a little bad habit that you hide from your friends

I'm like your dirty little drug

And you never get enough

Said you didn't want it but you're in a sick and twisted affair  
You won't be alone tonight  
(A sick and twisted affair)  
You won't be alone tonight  
(A sick and twisted affair)  
You won't be alone tonight  
(A sick and twisted affair)  
You won't be alone tonight
