I look to the sky but there's nobody watchin'
Left here behind all alone and forgotten
So now the world belongs to me, the world belongs to
me

So many roads that I've taken when nobody thought I
could make it
And even though I had to go it alone, I still survived
When you live in the darkness there's always confusion
Sometimes your mind will provide the illusion
And your life can change in the blink of an eye - yeah
(Chorus)

I look to the sky but there's nobody watchin'
Left here behind all alone and forgotten
So now the world belongs to me
To live and to die by the word that is spoken
The legend's a lie and the silence is broken
So now the world belongs to me, the world belongs to
me

I opened a box full of secrets where the strongest of
thoughts couldn't keep them
And even though I was the last to know, they were livin'
inside
When you see through the darkness and find the
solution

How quickly your eyes will remove the illusion
You know our life is gonna change in the blink of an eye
Â— yeah Â— yeah

(Chorus)

I look to the sky but there's nobody watchin'
Left here behind all alone and forgotten
So now the world belongs to me
To live and to die by the word that is spoken
The legend's a lie and the silence is broken
So now the world belongs to me, the world belongs to
me - yeah Â— yeah

Someone's got to show you goin' that way Â— yeah Â—
yeah

There was nothing standing in my way Â— yeah Â—
yeah

(Chorus)

I look to the sky but there's nobody watchin'
A hero was born from a soul that's forgotten
So now the world belongs to me
To live and to die by the word that is spoken
The legend's a lie and the silence is broken
So now the world belongs to me, the world belongs to
me
