

My Dying Bride "Christliar"

Visit "[Christliar](#)" on MotoLyrics.com

Time wears out affections
I hope to be missed
Your presence on my wing
Arise from my sickness

My hopes, eclipsed by failures, by failures
Dismal moments fall on me, fall on me
A terrible sobbing
Echoed through my own house

Time wears out affections
Love hope to, to join us
Your presence on my wing
Arise from my sickness

The lightening gets frightening
Oh, cover me, oh cover me
Memories of her sadden me
Are killing me

Believe me, believe me
The suffering, the agony
My young love
Taken from me too early

Beware, I will seek you, find you
Vengeance is mine, wherever you hide
You know I will find
Your face, I see, I won't forget
I'll be right there
Preying on you in every dream

You will never leave me again
By your red hand
You left me here to suffer and die
Eyes black, cold face
Your stare, your stare burned me
The sears will be with me until my last day

My grip on you grows tight, so tight
I will choke you
Until I hear your last fucking breath

Into your eyes, I'll smile, I'll cry
And when you're gone
No one alive will grief for you

Silence you'll pay so quite, so quite
Weeping [Incomprehensible]
Help me with heaven
