All are welcome here  
To the Eden feast  
Enter if you will  
This is Eden beast

Faces stay hidden  
Behind their dark masks  
In arms they enter  
The great hall of sin

Eden, calls again  
For sick minds, for me

Inside there, all laid bare  
Take your pick, devour now

Lust clawing at your feet  
Desires for you to greet  
Every woman a handsome treat  
Young seed for you to reap

Anyone that you desire  
Leave your faith at the door  
Any pleasures you require  
Lay all around, upon the floor

Some call this blasphemy  
And try to end it all  
They question our sanity  
And preach Christiars call

"Seat yourself, young man  
Do you see them feed?  
As the feast goes on  
Do you feel their greed?"

It's my fear that tears me down  
But this night, we'll have no tears  
I want you, beautiful gown  
Take my hand, we'll have no tears

Kiss me deep, I want you now

In my arms, we'll have no fears  
Inside there, all laid bare  
Take your pick, devour now

Lust clawing at your feet  
Desires for you to greet  
Every woman a handsome treat  
Young seed for you to reap

Anyone that you desire  
Leave your faith at the door  
Any pleasures you require  
Lay all around, upon the floor

Some call this blasphemy  
And try to end it all  
They question our sanity  
And preach Christliars call

When you've had your fill  
Of poisonous flesh  
Leave this place of sin  
And watch your back for death
