Hold up the sun  
Oh, lord hold up the sun  
Shine it on me  
Glory, shine it on me  
Here comes the sun  
Oh God here comes the sun  
Climbing on me  
Dear Lord climbing on me

Stabat mater dolorosa,  
Justa crucem lacrimosa  
Dum pendebit filius.

O quam tristis et afflicta,  
Fuit illa benedicta  
Mater unigenti.

The curves of the earth  
I carve them for you  
And in the night I drew  
A knife of sickness & grief

Stabat mater dolorosa,  
Justa crucem lacrimosa  
Dum pendebit filius.

O quam tristis et afflicta,  
Fuit illa benedicta  
Mater unigenti.

There was a wound here  
I see it's scars  
The shade upon your face  
Of lilies bent with tears
