Tell me that I'm a sinner  
Lay me down again  
I need a soft flesh bed  
My lust must be fed  
Lay your hands on me  
Lay your perfect hands on me  
You know exactly what I want  
So open wide  
Take me now I'm yours  
Lay me down again  
Your heat rips through me  
Your hands rip my skin  
Deep inside your love  
You're screaming for me again  
My seed is passed to you  
We are now one  
To you. I'll only give it to you  
(But only if you're there)  
Only you. There's no-one else for me  
(Until something better comes)  
Be mine. Be mine forever more  
(Until I'm fucking sick of you)
