There's a whisper in the air you breathe,
Underneath the sky tonight
There's a piece of you inside my heart,
That runs to deep to describe.

And you're so much more than wonderful,
So much more than I can see
And I could spend forever hoping
You'd be here with me
Here with me

When the world leaves me so winded
And with nothing left so say (Nothing left to say)
There's an angel in your voice that tells me
Everything is okay (Everything is okay)
And you're so much more than wonderful,
So much more than I can see
And I could spend forever hoping
You'd be here with me
Here with me,

Here with me, Here with me, Here with me

And you're so much more than wonderful,
So much more than I can see (More than I can see)
And I could spend forever hoping
You'd be here with me
Here with me
