You believed in the words he spoke
And the love she said she had
But leaving this and starting over
Doesn't sound that bad

And he won't care if it ends this way
But you want him to know
Wasted dreams and a broken heart
Are all you'll have to show

Teenage heartbreak
Nothing hurts so bad
Than remembering
Everything you had

You may cry until it seems
You've no more tears to give
And it may feel like you have no one
And no reason to live

But God wants more for the life you lead
And everything you share
Guys and girls may break your heart
But He'll always be there

Teenage heartbreak
Nothing hurts so bad
Than remembering
Everything you had

Teenage heartbreaks
Never really last that long
Broken hearts heal
When the pain is gone

Teenage heartbreak
Nothing hurts so bad
Than remembering
Everything you had

Teenage heartbreaks
Never really last that long

Broken hearts heal
When the pain is gone

It's all over
(When the pain is gone)
It's all over
(When the pain is gone)

It's all over
(When the pain is gone)
