Visit "[Yesterday's Glues](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Stars are moving on  
And I am staying home  
And I can't help but ask myself  
Where did I go wrong?

It has to be this way  
There's nothing left to say  
It never helps to hear  
That things will be okay

You may not remember me  
But I remember you  
Years can hide your memories  
Of what you used to do

If I could make this go away, I'd wish that it were so  
'Cause I should never have come here but I wanted you  
to know  
That it's how you won't forget the way we have to know  
Sometimes the only things to say, just get in the way

I always knew that I  
Could never live a lie  
And maybe if I let this go  
Things would be alright

I tried again today  
To make this go away  
It never helps to hear  
That things would be okay

You may not remember me  
But I remember you  
Years can hide your memories  
Of what you used to do

If I could make this go away, I'd wish that it were so  
'Cause I should never have come here but I wanted you  
to know  
That it's how you won't forget the way we have to know  
Sometimes the only things to say, just get in the way

The stars are moving on  
And I'm staying home
