Chris Brown demo

Whenever you are alone always hanging at the phone
Now I am gone and I ain't coming back
Baby I know you messed around ever see you coming
around
Talking lies I had enough of them you got me going
crazy crazy
You got me baby you got me going crazy
You got me going crazy

We ain't to kill no can stop the bleed
We losing it why can't we be
You disregard never understand
We pushed to win who is gonna be the man
Green is good damn is so fantastic... things escalate to
drastic
Put on a face like plastic is a cruel world got me as...

Chorus

Whenever you are alone always hanging at the phone
Now I am gone and I ain't coming back
Baby I know you messed around ever see you coming
around
Talking lies I had enough of them you got me going
crazy crazy

You got me baby you got me going crazy
You got me going crazy

You do it for this boy to you is just a game
Don't... we are going now might need a referee
Emotions breaking down things we didn't mean
You want to take a break then pack your bags and
leave
Can't see the things you see the only one for me
But if it's got to be this way then it's gotta be
No turning back no rest in peace now I must admit you
are the biggest past
Of me

Chorus

Whenever you are alone always hanging at the phone
Now I am gone and I ain't coming back
Baby I know you messed around ever see you coming
around
Talking lies I had enough of them you got me going
crazy crazy
You got me baby you got me going crazy
You got me going crazy
