Somebody, yeah somebody, uhu  
Somebody, hey, hey, somebody, yeah, listen

Somebody, somebody once told me to be who I am,  
yeah  
Somebody told me to stand up and be my own man,  
yeah

Cause if you believe in love then love will see you  
through  
And if you believe in you ain't nothing you can do, whoo

[Chorus]  
Raise the mountain high, I'll climb it  
Hide the truth with lies I'll find it  
You believed in me, and now I see  
Oh, the sun will always follow rain  
I can make it through this pain  
You believed in me, and now I see

Somebody, yeah somebody, uhu  
Somebody, somebody will reach out and give you a  
hand, yes they will  
Somebody, somebody will teach you and you'll  
understand  
That if you believe in love then love will see you  
through  
And I believe in you and nothing you can do, oho

[Chorus]  
Raise the mountain high, I'll climb it  
Hide the truth with lies I'll find it  
You believed in me, and now I see  
Oh, the sun will always follow rain  
I can make it through this pain  
You believed in me, and now I see

Watch the sun come up, don't be blinded  
Let this time go down, I will outshine it  
Somebody, yeah somebody, uhu

[Chorus]

Raise the mountain high, I'll climb it

Hide the truth with lies I'll find it

You believed in me, and now I see

Oh, the sun will always follow rain

I can make it through this pain

You believed in me, and now I see

Somebody, somebody once told me to be who I am.
