We got us a good thing goin' on right now
I keep hoping one day we'll figure it out
I've done everything but say it out loud
I just wanna know, I just wanna know

I don't think I'm strong enough to confess
Think about it long enough you'll probably guess
There's still one thing we haven't addressed
And I just wanna know, I just wanna know

When you're ready you just say the word
You can be the one to say it first
Waitin' only makes it worse
Oh and don't you wanna know
Don't you wanna know
Don't you wanna know
Don't you wanna know

I'm runnin' out of reasons for waitin' so long
I even tried to sit down and write you a song
But honey what if I've been readin' you wrong
I just gotta know
I just gotta know

When you're ready you just say the word
You can be the one to say it first
Waitin' only makes it worse
Oh well don't you wanna know
Don't you wanna know
I just gotta know
Don't you wanna know

If I end up lookin' like a crazy fool
Won't you promise me we'll still be cool

When you're ready you just say the word
You can be the one to say it first
Waitin' only makes it worse
Ooo
If you're ready you just say the word
You can be the one to say it first
Waitin' only makes it worse

And don't you wanna know
Don't you wanna know
Don't you wanna know, yeah
Don't you wanna know

We got us a good thing goin' on right now
