Would you like to meet the toothfairy  
Or maybe even Cupid  
Or Santa and his Elves  
Would you like to meet the Scarecrow that can talk  
Or the Highest Flying Hawk  
Than come with me  
To Fairytale Land

In Fairytale Land there are mystical creatures  
In Fairytale Land you are who you wanna be  
If you wanna be anything  
In Fairytale Land

The girls they like the princesses  
The boys like action heroes  
In Fairytale land you can find both  
Take one look inside and you'll find your head spinning  
But your heart  
It will be calm because  
In Fairytale Land there are mystical creatures  
In Fairytale Land you are who you wanna be  
If you wanna be anything  
In Fairytale Land

If you don't beleive me take a look for yourself  
Come on now out your fears on the shelf  
And come with me

To Fairytale Land where there are mystical creatures  
In Fairytale Land where you are who you wanna be  
If you wanna be anything  
In Fairytale Land

Oh Yeah  
In Fairy Fairytale Land
