When it all comes crashing down  
and your world stops spinning round  
You feel like your falling from the clouds  
but you never hit the ground

so take this stretch of road  
we'll call it home  
Just run away with me tonight  
Just don't let go  
of me

Can a love like ours survive  
in such cold uncertain times?  
I know that if you only hold me tight  
we can make it through tonight  
So let's run on down the interstate  
and across the sea  
Everywhere I go, I wanna take you with me

Don't let go  
of me  
Don't let go  
of me

When I close my eyes and I think of you  
We're going to make it babe  
we're going to make it through  
Just don't let go  
Underneath black velvet skies  
forever in your eyes  
I see reflections of the lights  
Just dance with me tonight  
Overhead the sky explodes  
and my heart it overloads  
throw your arms around my neck  
and don't let go  
We'll take this stretch of road,  
we'll call it home  
just run away with me  
Just don't let go  
of me

Don't let go  
of me  
Don't let go  
of me

Don't let go  
of me  
Just don't let go
