I never wanna lose
this feeling here with you
It's in the way you move
underneath the sky, the stars, the moon
I can feel it in your touch
the fire burning from your fingertips
Oh baby what a rush
the feeling of your heartbeat on my lips
Without you I can't live

I never wanna lose this feeling
it's keeping me alive
I never wanna lose this feeling
laying here with you tonight
I can feel your is beating
and the magic's still alive
I never wanna lose this feeling
when I look into your eyes

I never wanna lose this feeling
here tonight
And I don't wanna sleep
I wanna take my time and do it right
When I look into your eyes
I see so clearly everything I need
Oh how can we survive
when the world outside will never let us be
Without you I can't breathe

I never wanna lose this feeling
it's keeping me alive
I never wanna lose this feeling
laying here with you tonight
I can feel your heart is beating
and the magic's still alive
I never wanna lose this feeling
when I look into your eyes

I never wanna lose wanna lose your precious touch
I never wanna lose this lust
I never wanna let you slip away
I never wanna lose the love you bring

I never wanna lose this feeling
Without you I can't live

I never wanna lose this feeling
it's keeping me alive
I never wanna lost this feeling
laying here with you tonight
I can feel your heart is beating
and the magic's still alive
I never wanna lose this feeling
when I look into your eyes
I never wanna lose
I never wanna lose
I never wanna lose this feeling
I never wanne lose this feeling
laying here with you tonight
I can feel your heart is beating
and the magic's still alive
I never wanna lose this feeling
when I look into your eyes
