I was a rock for you
I never stopped for you
When your world crashing down
I was there for you
But it never was enough
I found someone else to love

I was a stone for you
I built a home for you
When it all came crashing down
I was there for you
But it never was enough
I found someone else to love

Maybe I'm unfaithful
but your so ungrateful
of the love that I gave
Where were you last night
as I held her tight
till the morning light
I can't live this live
Unfaithful

I was a sheild for you
I was made of steel for you
When trouble came around
I fought for you
But it never was enough
I found someone else to love

Maybe I'm unfaithful
but you're so ungrateful
of the love that I gave
Where were you last night
as I held her tight
till the morning light
I can't live this life
unfaithful
I never had your trust
you never gave enough
so I'm packing up my stuff
I found someone else to love

If it's easier on you
then go on tell the world
that I'm unfaithful

I was a rock for you
but it never was enough
I found someone else to love

Maybe I'm unfaithful
but your so ungrateful
of the love that I gave
Where were you last night
as I held her tight
until the morning light
I can't live this life
I can't live this life
Where were you last night
Unfaithful
