Trying not to fall  
Getting the rhythm right  
Growing tougher skin  
Gets harder the more  
That it sinks in

I'm takin' bigger steps  
And through it all I find  
How do I keep my balance  
Now you're not by my side?  
Oh, now this weighs on my mind

Tryin' to hold myself together  
But I just want to fall apart  
I wish I had a way to end it  
Oh I wish that we were at the start  
Tryin' to find a way without you  
There's nowhere else I wanna know  
So I've been holding on  
Holding on to letting go

Drowning out the noise  
Just want to focus on  
The detail in your voice  
That plays around inside my head  
Cause when I hear it I  
Can trick myself into  
Believing you're alive  
It makes it  
Easy for a while  
Only for while

Tryin' to hold myself together  
But I just want to fall apart  
I wish I had a way to end it  
Oh I wish that we were at the start  
Tryin' to find a way without you  
There's nowhere else I wanna know  
So I've been holding on  
Holding on to letting go

Oo oo oo oo oo oo  
Oo oo oo oo oo oo

Just give me back the time  
I need to hold ya  
If I could take you to before  
Oh I would show you  
Everything I am  
Everything I feel  
Tell me how to find

Just tell me how to stay together  
When I just want to fall apart  
I wish I had a way to end it  
Oh I wish that we were at the start  
Tryin' to find a way without you  
There's nowhere else I wanna know  
So I've been holding on,  
Yeah, to letting go  
I've been holding on  
Holding on to letting go
