Did you ever stop to think how it feels  
To be me, wanting you  
But no, you'd never stop to think  
Cos it's not what you do  
Have you ever cared about anyone in your life?  
Someone else  
Tell me what it is you want  
Is it us, or yourself?

It's cold out here where I am  
I've been waiting with open arms  
Why you shut inside yourself  
I'm shut on the outside

Oh, oh  
Open the door to your kingdom  
Let in the light that I bring you  
Why do you sit in the dark?  
(Sit in the dark)  
Oh, oh  
What does it take to be near you  
I'm fighting so hard to be with you  
Trying to get to your heart

Do you ever stop to look from your cloud  
At the world down below?  
No you'd never stop to look, you're too proud  
And it shows  
Could you ever open up to someone?  
Even once in a while  
How does someone get to talk to the one in your smile?

It's cold down here where I am  
I'm tired of being on my own  
Waiting for a sign  
That you could let me inside

Oh, oh  
Open the door to your kingdom  
Let in the light that I bring you  
Why do you sit in the dark?

(Sit in the dark)  
Oh, oh  
What does it take to be near you  
I'm fighting so hard to be with you  
Trying to get to your heart

Which door leads to you?  
Tried every one but they're locked so tight  
Which door leads to you?  
Is it the one you tried to hide  
Which door leads to you?  
I have the key but I can't get through  
Oh, oh, oh, oh

Oh, oh  
Open the door to your kingdom  
Let in the light that I bring you  
Why do you sit in the dark?  
(Sit in the dark)  
Oh, oh  
What does it take to be near you  
I'm fighting so hard to be with you  
Trying to get to your heart
