Miss me just a little bit more
Kiss me before you walk out that door
Love me, love me, love me, more
Don't stray from my side
Come to my bed every night
Love me, love me, love me, more
Cause there's nothing better than your love
Nothing that I crave more than your touch
That's what I'd do for your love
What I'd do for your love
What I'd do for your love
What I'd do for your love
Do for your love
What I'd do for your love
What I'd do for your love
What I'd do for your love
My heart it's all yours
And this is what I've been waiting for
Love me, love me, love me, more
Love me yeah, love me, love me yeah, more
Cause there's nothing better than your love
Nothing that I crave more than your touch
That's what I'd do for your love
What I'd do for your love
What I'd do for your love
What I'd do for your love
Do for your love
What I'd do for your love
What I'd do for your love
What I'd do for your love
I can't get enough
I can't get enough, get enough
I can feel your touch I can feel your touch when we're
touching
I'll go anywhere I'll go anywhere for your lovin'
That's what I'd do for your love
What I'd do for your love
What I'd do for your love
What I'd do for your love
Do for your love
What I'd do for your love

What I'd do for your love
What I'd do for your love.
