You were the only, you were my something
it has always been you.
And i can't help it, my heart is jumping
when you walk into a room.

It doesn't seem to matter when there's nothing we can't
undo.
After all that has happened, I can't believe I still want
you.

And what I wanna say,
is that there's no me without you.
What I wanna say, yeah
is everything I forgot too.
So if it's not too late,
I don't wanna give you away.

You keep me grounded, you are my ending,
you are the one that I go to.
I still get nervous when you're around me,
yes is the one thing I can't lose.

It doesn't seem to matter after all I put you through.
After all that has happened, I can't believe I still want
you.

And what I wanna say,
is there is no me without you.
What I wanna say yeah,
is everything I forgot too.

So if it's not too late,
I don't wanna give you away.

Tell me can you feel it.
Tell me can you feel it.
Just say.
Tell me can you feel it.

And what I wanna say,
is there is no me without you.
And what I wanna say,

is everything I forgot too.
If it's not too late,
I don't wanna give you away.

And what I wanna say,
is there is no me without you.
And what I wanna say, ooh.
So if it's not too late,
I don't wanna give you away.

(say, say, ooh, ooh, etc.)
And what I wanna say.
