Why is it so hard  
To say that you're not okay  
We used to talk  
Every day in, day out  
Nothing to say

I'm in the waiting room  
My number tight in hand  
Always in the wrong queue  
Please put me down  
Let me drown

What do you need  
In every day life  
It's better to burn down  
Than fade out  
Even when truth  
Is killing you  
It's better that fading out

Halo of ash and bones  
We are not true to truth  
Heaven can't wait for us  
And on my way  
I've gone astray

What do you need  
In every day life  
It's better to burn down  
Than fade out  
Even when truth  
Is killing you  
It's better that fading out

Fuck your new car  
And your last wife  
It's better to burn down  
Than fade out  
What will it take  
Someday somehow  
You will be able

To figure it out

Freedom's such a common word these days  
Far to many dreams get washed away  
Away

What do you need  
In every day life  
It's better to burn down  
Than fade out  
Even when truth  
Is killing you  
It's better that fading out

Fuck your new car  
And your last wife  
It's better to burn down  
Than fade out  
What will it take  
Someday somehow

You will be able
