It's been a long year without you
And I can't seem to go one day
Without thinking about you
It's not that I doubt you
If I found you I would put my arms around you
Wish I could let you know how much I miss you
Entertain the pain
If I could I would kiss you
I wanna be with you I've tried letting go
But I don't know how to quit you.

No baby you can't change me
But maybe you'll find
That you're

Better off, Better off,
That's what you get for
That's what you get for
Movin on movin on
Try and forget you
Try and forget
Like every day you ever cried
Back them up and say goodbye
Movin on, that's what you get for

It's been a long time without you
And I'm still doing everything I can
Just to not think about you
And not that I doubt you
If I found you
Would I let my thoughts surround you?

I feel just a little bit stronger
I'll wait just a little bit longer
But I'm doin just fine without you babe

Better off, better off,
That's what you get for
That's what you get for
Movin on movin on
Try and forget you
Try and forget

Like every day you ever cried
Back them up and say goodbye
Movin on, that's what you get for

Spend the night alone again
Waste the air you're breathing in
Close the curtains
And lock the door
Hide from what you're waiting for
Could've wasted time on me
Giving up so easily
But I think you're there to move it on

Better off, Better off
That's what you get for
That's what you get for
Movin on movin on
Try and forget you
Try and forget like
Better off, Better off,
That's what you get for
That's what you get for
Movin on movin on
Try and forget you
Try and forget
Like every day you ever cried
Back them up and say goodbye
Movin on, that's what you get for
