In this little time
Weve nothing but survived
Over 360 days of our lives
Were growing up too fast
We just want this to last
Its always one step forward
And three steps back
What do you have to show?
What do you even know
Weve been here so many times before
We gathered up our pride
Made the choice not to hide
Its always been us five along for this ride

Weve come to far this time to never say die
Doing nothing will never pass the time
And i will never give up on my dreams

"cause all the kids are saying...

HEY! don't give up that way
Youll make it someday
Don't go out that way
Everythings okay

What do you have to show?
What do you even know
Weve been here so many times before
We gathered up our pride
Made the choice not to hide
Its always been us five along for this ride

Weve come to far this time to never say die
Doing nothing will never pass the time
And i will never give up on my dreams

"cause all the kids are saying...

HEY! don't give up that way
Youll make it someday
Don't go out that way

Everythings okay

Don't give up that way
Everythings okay
Its time for you to stand up and say
Stand up and say
Yuck Fou

And all the kids are saying...

HEY! don't give up that way
Youll make it someday
Don't go out that way
And were the one who say...

(You wanted to beat it
You couldnt fight
We want to believe in
All the kids who say...)
