Even though it's hard to hear the truth
It's every little thing that makes you move
And there is no reflection in the mirror
You don't believe

And I know that it's hard to understand
I wish that I could fix how you feel instead
Baby why'd you do that
I can see through that
Give it a chance

And you can't just disappear
I'm begging you to come around tumble out
I promise that the coast is clear

I'm on the chase
Baby you're lost out there
In a different place
And I can't get to you
Oh
I'm on the chase
Baby you're lost out there
In a different place
And I can't get to you
But I'll do what I have to

Every little piece you pick apart
You're fittin in a corner of your heart
And there's no perfection in the mirror
That you don't see
And now that's an awful lot to give
For memory you change what you can't believe
Well maybe you're supposed to
Baby you're close to
Letting me in

And you can't just disappear
I'm begging you to come around tumble out
I promise that the coast is clear
OH

I'm on the chase

Baby you're lost out there
In a different place
And I can't get to you
Oh
I'm on the chase
Baby you're lost out there
In a different place
And I can't get to you
But I'll do what I have to

Oh you never could quite honestly explain
What he needs in you
You do everything they ask you to
There's a part of you you wish you knew
Oh oh oh
And every escape you thought you could make
No you get no further than your show
Darling it was all too much
Way too slow

I'm on the chase
Baby you're lost out there
In a different place
And I can't get to you
Oh
I'm on the chase
Baby you're lost out there
In a different place
And I can't get to you
But I'll do what I have to
