We could do more outdoor things,
if we weren't so busy getting busy.
Doing laundry finally,
the first sign of first light,
still nothing to wear between us.
Now I am so filled with just one girl my eyes barely
open
and I can barely read.
So this is the end of the past,
the first sign of first light,
its alright between us.
I got my body and my mind on the same page
and now happiness is all the rage.
Still nothing to wear between us.
Happiness is all the rage.
