"Happy Hour"

Hey, Hey, where are we living now,
from witching to happy hour
Which is hours and hours away from here
And god, all of these ears and eyes,
familiar faces and family ties
Which is ours and ours alone

Where are we living now, where are we living now
Where are we living now, where are we living now

Hey J, I'm unraveling.
I might be on this next train,
which may or which may or not come in
JoAnn says, "follow your hands"
she knows that, they understand
that you don't know you don't remember

Where are we living now, where are we living now
Where are we living now, where are we living now

Hey, Hey, where are we living now,
from witching to happy hour
Which is hours and hours away from here
And god, all of these ears and eyes,
familiar faces and family ties
Which is ours and ours and ours alone

Where are we living now, where are we living now
Where are we living now, where are we living now

Where are we living now, where are we living now
Where are we living now, where are we living now

yeah, yeah, where are we now?
yeah, yeah, come on now
yeah, yeah, where are we now?
yeah, yeah, come on now
yeah, yeah, where are we now?
yeah, yeah, come on now
yeah, come on, yeah come on, yeah come on
yeah come on
