Where is your love
Are you living in the light
Do you believe
You can have eternal life

I don't wanna be without you
But there's no other place for me

And when I get to heaven
Will I see you
We're gonna have a party
What are you gonna do
And everybody's dancing
Love is everywhere
We're gonna have a good time
Are you gonna be there

Where is your heart
Are you gonna find the truth
Where is your hope
Does it ever get to you

You can't take away my freedom
I'm gonna live forever more

And when I get to heaven
Will I see you
We're gonna have a party
What are you gonna do
And everybody's dancing
Love is everywhere
We're gonna have a good time
Are you gonna be there

Everybody dancing everywhere
We're gonna have a party are you gonna be there

I don't wanna be without you
But there's no other place for me

And when I get to heaven

Will I see you
We're gonna have a party
What are you gonna do
And everybody's dancing
Love is everywhere
We're gonna have a good time
Are you gonna be there

Everybody dancing everywhere
We're gonna have a party are you gonna be there

We're gonna have a party
