

My Former Self "Goodbye, Farewell"

Im a zero in your book and
Dont mean anything
Im a hero wannabe
But im still failing
I could taste blood but
Still i go on
Time goes slow and
Everything takes so long

Its another classic tale of failure
My hopes are out on high
Id rather stay on top than
Watch my life fly by

Ill see you next time

Goodbye, farewell
And every way to say that im gone
Im on the right path to wherever im going
Im on the right path to wherever, whatever
Whatever

Ive gotten to my feet and
Shaken this feeling
Starting from scratch and
Im leaving everything
Let me get away from here
So i can finally think
On my own but i can see
Id still be failing

Another classic tale of failure
My hopes are out on high
Id rather stay on top than
Watch my life fly by

Ill see you next time

Goodbye, farewell
And every way to say that im gone
Im on the right path to wherever im going
Im on the right path to wherever, whatever

Ill see you next time
