Im ripping at my throat  
I want to cross out my mistakes  
Everythings gone bad now  
What left to write about?  
So why should i pretend?  
Bursting with the evergy i send  
Across to a lonely heart like mine

This time im calling for a sign  
It all feels like  
Standing alone in a crowded room  
I think i found myself  
I think i found my self-worth  
Is worth nothing at all

Worth nothing at all

This time im... im calling  
For a sign from you

Im ripping at my throat  
I want to cross out my mistakes  
Everythings gone bad now  
What left to write about?  
So why should i pretend?  
Bursting with the evergy i send  
Across to a lonely heart like mine

This time im calling for a sign  
It all feels like  
Standing alone in a crowded room  
I think i found myself  
I think i found my self-worth  
Is worth nothing at all

Worth nothing at all

So why should i pretend?  
Bursting with the evergy i send  
Across to a lonely heart like mine  
And everythings gone bad  
Everythings gone bad with you
