Do you remember our practice of denial?
Will we ever put it down?
Ever truly own it?
Stay in discipline, keep off it.
Put the shit away
Will you or I ever defeat it?
Will there come a day when we can see the damage?
Will I live forever? Will I die tomorrow?
Put the shit away
Put it away
Get in our real brain, see through each other
Or we can go our separate ways
Or be like Mr. Sepe, he threw it all away
Like Mr. Chapman, my old art teacher
He went away
Gone for forever
Live for today. Live for today.
Will I live forever? Will I die tomorrow?
Put the shit away
Put it away
