I'm the doctor and patients got to see me (Take off)
I'm the doctor and patients got to see me (Take off)
I'm the doctor and patients got to see me (Take off)
I'm the doctor and patients got to see me (Take off)
Take off. Take off. Take off. Take off.
Take off. Take off. Take off. Take off.

Sometimes I'm paranoid, and I stay on goal.
They call my brother Slick but sorry he's not here no more.
The life I live is poor, and it got some ghetto ways.
But I don't have to be geeked up bitch to blow your brain away.
This is for the chase, users, real abusers, consumers busting hollow points at all the losers.
Lets go to mars and see the aliens, have a party.
When I pop, I pop for every man.
You see I just might take off, with two or three of those.
That boy got a habit, get blowed.
Roll up a bit of that purple, no orange juice, only grey goose and I roll.
I deal with the life I chose, and tonight I can get geeked, yeah Fabo

I'm the doctor and patients got to see me (Take off)
I'm the doctor and patients got to see me (Take off)
I'm the doctor and patients got to see me (Take off)
I'm the doctor and patients got to see me (Take off)
Take off. Take off. Take off. Take off.
Take off. Take off. Take off. Take off.

The very first time, that I went to the moon,
I was at the studio, DJ Brand, Legion of Doom
I saw the walls move, everything was very clear.
I see ghosts in here, and the pill was takin away the rear.
Bitch I can't sleep, I can't eat, I just keep... it took control of me.
Somebody said "Take off!" My body floatin, it got a hold of me.
Don't nobody move, because, yo cool, I can't see nathin yo Dayo

and my knee won't stop shakin this shit is hard for me
to handle.

I ain't gon do it no mo. Had me stayin up late with the
blow.

It keep me on point to get away when police kick in the
door.

And I stay real hard, and put me bubble gum on the
poster.

When I take off, I bring the universe closer.

I'm the doctor and patients got to see me (Take off)

I'm the doctor and patients got to see me (Take off)

I'm the doctor and patients got to see me (Take off)

I'm the doctor and patients got to see me (Take off)

Take off. Take off. Take off. Take off.

Take off. Take off. Take off. Take off.
