The sound of those voices
Their ringing across the land
Something planted deep
Carrying a righteous plan
We can see the light
Hear the sound
Dance, dance, dance around

The sound of those voices
Their ringing across the land
The sound of those voices
Their singing across the land
You're out there singing
Laughing and loving
Let's become one
Let's have some fun
And though we still have a long way to go
We can feel you comin alive

The sound of those voices
Their ringing across the land
The sound of those voices
Their singing across the land
The sound of those voices
Their ringing across the land
The sound of those voices
Their ringing across the land

We all know, the right way to go
This great rumbling sound
To bring love around
It's just like before
It's time to restore
The things that were lost
At an incredible cost
The sound of those voices
Their ringing across the land
Dance, dance, dance around
The sound of those voices
Their ringing across the land
The sound of those voices
Their singing across the land

The sound of those voices
Their coming across the land
The sound of those voices
Their runnin across the land
