\* this 12" is very rare

[Intro: Method Man, (Masta Killa), {Streetlife}]

This is.. High Chief Jamel Arief, Hot Nixon, Chi Sword,  
whoa!

(Who dare comes amongst the God cipher with that  
weak shit son?

Who dare comes amongst the Gods?) {High Chief  
Jamel Arief}

(Who dare comes amongst the God cipher?) {Chi  
Sword}

[Masta Killa]

Who dare comes amongst and tries to peep it

The secret of the deadly art, then leak it

Snakes, leeches surround the righteous

I link the diversion shot, then slip with the swiftness

The weaver raindrop, leavin the eye confused

Understandin blurred, cloudy electrical storms occur

from the Masta, classical head bang slang

The deaf tone rises like the blind and dumb

Lickin shots at the microphone, Iron Lung..
