I used to hold on  
To every word you'd say  
And hold you up so high,  
I was breaking my back  
To keep you that way.  
When your shine wore off,  
There was nothing left  
But your emptiness.  
Yeah, I hear every word you say  
But it doesn't mean I've been listenin'  
You used to come in loud and clear  
Now I'm far away and you're whisperin'  
Stop steppin' on my heels,  
Standin' on my feet,  
You're weighin' me down.  
Baby I can't turn you off,  
But I can turn you down.  
I used to tell you all  
Of my darkest secrets.  
You had me so convinced,  
I was the only one,  
You even fooled my instincts.  
When your shine wore off,  
There was nothing left  
But your emptiness.  
Yeah, I hear every word you say  
But it doesn't mean I've been listenin'.  
You used to come in loud and clear  
Now I'm far away and you're whisperin'.  
Stop steppin' on my heels,  
Standin' on my feet,  
You're weighin' me down.  
Baby I can't turn you off,  
But I can turn you down.  
What you wanna show me  
Always tryna hold me back,  
It's too late, too late, too late.  
You were talking so loud,  
Then you got thrown out  
Now it's too late, too late, too late.  
Yeah, I hear every word you say  
But it doesn't mean I've been listenin'.

You used to come in loud and clear  
Now I'm far away and you're whisperin'.  
Stop steppin' on my heels,  
Standin' on my feet,  
You're weighin' me down.  
Baby I can't turn you off,  
But I can turn you down.  
No I can't turn you off,  
But I can turn you down.  
No I, I can't turn you off,  
But I can turn you down.
