The tables turn
it's time to make a stand
I'll play the saviour
a role I must take on

If sleeping is escapism
is reality a dream?
there's a serious glitch in the system it seems
forgive my honesty
I'll tell it like it is
now hear me out
just imagine if we had no fears or doubts

I hope you take what I say onboard
when your ship sinks make sure you swim for your life
I'll meet you when you reach the shore
and I take my hat off to you
I take my hat off to you once more
If sleeping is escapism
is reality a dream?
there's a serious glitch in the system it seems
forgive my honesty
I'll tell it like it is
now hear me out
just imagine if we had no fears or doubts

Take a step back
look at yourself
would you chose to throw this life away

I say it's gone to far and now things are gonna change
you say you've lost sight of life which you wish you
could regain
