We have a son, there is a little Romanov  
People need tradition, need direction, they need us  
A stranger said, Mathruiska, why are you afraid of  
someone with my power here before you in your home?  
The czaravich can never bleed if he is to survive  
Take me in your confidence and I'll keep your son alive  
One and one is true  
He'll swear he never wanted to  
He looked twice and said I can identify this man  
And the czarina shook her head  
Alexandra, you see he's just a charlaton?  
Is he curing every woman with those hands he's laying  
on?  
The people moan, they say your like a concubine  
And he plays you like a balalaika in the summertime  
He appoints the cabinet as the soldiers kiss your feet  
We'll poison him, then shoot him  
And we'll drown him in the Neva water  
One and one is true  
I swear I never wanted to  
He looked twice and said I can identify this man  
And the czarina shook her head  
I said one and one is true  
The Bolshevik is rising too  
He looked twice and said I can identify this man  
And the czarina shook her head
