"The Savior's Love"

It's the presence of the Savior's love
that never goes away.

It's the presence of the God of love
that makes us want to stay.

We're searching. We're longing.
We need a love that will remain.

We sing of the Savior's love,
of a love so great we can't escape its wonder.
We know of the God of love,
of the God who loved a fallen world
so much He gave us Jesus.

He's lovely, lovely. His name is Jesus.
He's lovely, lovely. His name is Jesus.
His name is lovely.
