Oh yeah, yeah-yeah

Why is it so hard to say what's on my mind, 'n why am I  
so proud  
Still got this thing for you

I know you understand, but you still need a sign  
Real love should shout out loud - still got this thing for  
you

Chorus:

Hey baby, can I carry your flame? I wanna take you  
somewhere untamed  
Don't you know you're driving me insane - still got this  
thing for you

When you walk that way, I can feel the heat, just below  
the surface  
I'd do anything for you, aha yeah

When you're out all alone, I hear things from the street  
And I get kinda nervous - still got this thing for you, oh  
yeah

chorus

Let me see you smile, come on look me in the eye  
Too many times I let the chances go by  
Pull down the shade, turn out the light  
Help me make up for all those nights tonight

(Solo)

(Will I know it's true, still got this thing for you  
Will I know it's true, still got this thing for you)

Hey baby, can I carry your flame? I wanna take you  
somewhere untamed  
Don't you know you're driving me insane  
If we can't connect, oh that would be a shame

Well - chorus

(Still got this thing for you, still got this thing for you)  
Still got this thing for you (still got this thing for you)  
I do (still got this thing for you)  
I know (still got this thing for you), you know I do, knock  
knock  
(Still got this thing for you)  
I get a thrill and I still got this thing for you  
(Still got this thing for you) aha yeah (still got this thing  
for you)  
Oohoo (still got this thing for you, still got this thing for  
you)  
Still got this thing for you (still got this thing for you)  
Hah (still got this thing for you)  
You know I do, still got this thing for you  
(Still got this thing for you, still got this thing for you)...
