Rap 1. (row)

Everyday on the streetz,

its houstling and scamming,

get this lil ' money

then its meant for the clubing.

All these nigrs wanna fall in

coz them see em' dolls flowing

and if you'll make it rain,

i bet they wouldn't need a shade.

Rowstores is a niggar

walking on streetz with fing'rs on trigger

get this don with sticker dogg

with some nigrs on board

First talk in tour

Haters thought we gon crush

but we gat our focus on

and now we rock the top.

Am out for the grammys
rock and stumble for the mon'y
pussy if you arn't gat no penny,
better get intouch with ur grannys
i made this for my hommies
pushing on evr'ydays struggling
seling dopes and crac (meeeeen)
da street thang arin't funny
first of all,
we were just insane with no shame,
all thanks to God.
Niggrs now walk with gold chains
we live in big crib
(right now) we ride on big rimes
Got expensive touch
and all em bitches bring wishes.. haha
chorus.....
Rap 2 (sticker D)

Am hot, am tough,
I'm physically spunky.
Im a thug, but am rich
niggars wanna be me.
I don't give it up
still blow my chest up
when i was a teenager,
they call me lil' young DON
cos i can do anything
anytime i feel like
smock up some weed
maybe i can get high
coz red eyes is what we pay for
we houstle, rumble, still struggle
only friday night, we razzele
stop snitching (niggaz)
we'll blow your mind coz
we arn't gat mercy
for all ya muderfuckers
i waz raised up from the project,
grown up to be a gangstar
get connected, living large like a mafia
Don't be so stupid if i call you a wankstar
cos am the main reason why you can't sleep
in your crib last night, ask me why
Gangstar thang make me be that
