The city lights undress us
Let's bless the bed we lie on
Desire swells
With a continental touch

Eat up my world dissolvable body
Your meat is the world, I need nobody
Journey to bondage fall prey to the whip
Goddess of mayhem, the lust mistress trip

Punish me gently
'Til I lose my obsession
Torture me slowly
'Til I break down and cry

You murder my mind
With knives thrown in anger
Ravish my body
Suck till I dry

Sex revelations for the pill-crazed angel
Eyes so big and so black and so bad
No reservations for this blue ice virgin
You're the best thing you could ever have

Sex revelations for the pill-crazed angel
Eyes so big and so black and so bad
No reservations for this blue ice virgin
You're the best thing you could ever have

Punish me gently
'Til I lose my obsession
Torture me slowly
'Til I break down and cry

You murder my mind
With knives thrown in anger
Ravish my body
Suck till I dry

Sex revelations for the pill-crazed angel
Eyes so big and so black and so bad

No reservations for this blue ice virgin
You're the best thing you could ever have

Sex revelations for the pill-crazed angel
Eyes so big and so black and so bad
No reservations for this blue ice virgin
You're the best thing you could ever have

The city lights undress us
Let's bless the bed we lie on
