My Life With The Thrill Kill Kult
The Days of Swine and Roses
You drag me across your opened wound
I am on my last limb I'm on my last limb
Stuck in the mainstream pseudo dude
You are on your last limb you're on your last limb
The day I die will mean nothing to you
The days of swine and roses
Your mind's diseased with perverted justice
I am on my last limb I'm on my last limb
Nameless horror we call love
I was only laughing hah I was laughing
Xian zombie vampyre
I am the father the father of nothing
The day I die because of you
The days of swine and roses
