(ooh, oh yeah, whoo, ooh, come on)

You keep a secret deep inside
No one suspects the crimes you hide
(la-de-le-lah la la la-de la lah)
Your love is like a voodoo doll
You paralyze like alcohol
A kiss goodnight is a kiss good-bye

(doo-yibba dibba dibba, doo-yibba, dibba dibba
doo-ba doo-ba doo-ba doo-ba doo yibba-doo)

Take a chance with her, she's danger!
Take a look you'll see, she's danger!
Driven on the heels of fire
She'll burn you out!

She beats a drum but no one hears
She cries in pain and no one cares
(la-de-le-lah la la la-de la lah)
Fire dances in her eyes
Demon goddess in disguise
Her silent nights are filled with knives

(doo-yibba dibba dibba, doo-yibba, dibba dibba
doo-ba doo-ba doo-ba doo-ba doo yibba-doo)

A kiss goodnight
A kiss goodnight
A kiss goodnight is a kiss good-bye
