Kooler than Jesus?
I don't believe you're listening
Kooler than Jesus?
Hey! We gonna jump up and we go crazy a little for you
all
Kooler than Jesus?
[s] "I was raised in Mississippi"
[s] "I am the electric messiah, the AC/DC god!"
Kooler than Jesus?
You know darn well that they're just manipulating you
and that's all that
they're doing...
All right all right all right everything
Come on baby you can do it

Isn't that nice?
Kooler than Jesus?
Kooler than... God.
I don't believe you're listening
Alright now look at me
I said look at me don't turn your face away
I'm the looking glass you created to see yourself in
Kooler than Jesus?
Have you taken leave of your senses?
Satan Satan
Don't listen to them
Somebody's lying and it's not me
You're twisting my words!
