Gotta go, I've blown another name
(She's on the run)

We're gonna get on your bike
All the girls they wanna take a ride
Never one to wanna compromise
I'm the chase and you're my FBI
Not gonna get you off your head
Don't you wanna take a ride instead?
Just remember every word I said
Baby, blow it, bang bang you're dead

Are you ticking down the line like a time bomb?
Are you picking up the pace, got your face on?
Are you making my escape, get away from?
Are you calling in the chase, wanna race some?

I crack the code
Are you watching me, baby, lose control?
I'm running that, gonna go crazy
Gotta get, gotta get, gotta get, gotta get
Gotta go home, home

(Chorus x2)
Gotta go, I've blown another name
Boy, take a seat, let me explain
Don't break the chain
Come get your beat back in the game
Gotta put my foot down, switching lanes
Sensation pumping through my veins
Let's go again
I got your back so let it rain

Call 911, she's on the run (x8)

I'll meet you on a Friday night
Play the game, we're gonna keep this tight
Listen up, we'll get 'em on your side
Reel it in, then, baby, then you play it back
Undercover, keep your head
Kinda like a bit of infra-red
Just remember, no, you won't forget

Baby, blow it, bang bang you're dead

Are you ticking down the line like a time bomb?
Are you picking up the pace, got your face on?
Are you making my escape, get away from?
Are you calling in the chase, wanna race some?

I crack the code
Are you watching me, baby, lose control?
I'm running that, gonna go crazy
Gotta get, gotta get, gotta get, gotta get
Gotta go home, home

(Chorus x2)
Gotta go, I've blown another name
Boy, take a seat, let me explain
Don't break the chain
Come get your beat back in the game
Gotta put my foot down, switching lanes
Sensation pumping through my veins
Let's go again
I got your back so let it rain

Call 911, she's on the run (x8)

You're playing with fire
This love, love, was running from the start
For love, desire
This love, love, let it break my heart (x2)

Are you ticking down the line like a time bomb?
Are you picking up the pace, got your face on?
Are you making my escape, get away from?
Are you calling in the chase, wanna race some?

I crack the code
Are you watching me, baby, lose control?
I'm running that, gonna go crazy
Gotta get, gotta get, gotta get, gotta get
Gotta go home, home

(Chorus x2)
Gotta go, I've blown another name
