Number one We don't need love Remember (x3)
Number one We don't need love We don't need love
Don't try to fascinate me No baby You won't figure this
one out Don't try It doesn't phase me Cos baby won't
feel no doubt Baby Go back Go back Through the
universe Let's take a ride in time for two Climb up boy
on board be my guest Only the best for you Next time
I'm Gonna let you renegotiate Give up the chase Don't
know why I got you hooked on my Love generator not
too late Don't try to fascinate me No baby You won't
figure this one out Don't try It doesn't phase me Cos
baby won't feel no doubt Like it or not I'm top of my
DNA Give me a smile and I'll give two Think you've got
a robot with me I guess you'll see the truth Next time
I'm Gonna let you renegotiate Give up the chase Don't
know why I got you hooked on my Love generator not
too late Don't try to fascinate me No baby You won't
figure this one out Don't try It doesn't phase me Cos
baby won't feel no doubt Don't try to fascinate me No
baby You won't figure this one out Don't try It doesn't
phase me Cos baby won't feel no doubt Number one
We don't need love Remember (x3) Number one We
don't need love We don't need love We don't need love
We don't need love Ooh I'm watching everything that
you do baby I can't stop playing with your heart Pack it
up and send it got my name on that So bring it back
back Ooh I'm watching everything that you do baby I
can't stop playing with your heart Pack it up and send it
on my name on that So bring it back back Don't try to
fascinate me No baby You won't figure this one out
Don't try It doesn't phase me Cos baby won't feel no
doubt Number one We don't need love Remember (x3)
Number one We don't need love We don't need love
